FOR RESEARCH
of 21 March 2022**

on: submissions from the Jagiellonian University scholars applying for the role of supervisor in projects under Marie Skłodowska-Curie Actions Postdoctoral Fellowships (Horizon Europe) including annex.

This is to inform you that soon a call will be open for project proposals under **Marie Skłodowska-Curie Actions Postdoctoral Fellowships** in the new programme Horizon Europe (HE).

The call for proposals is scheduled for a period from 13 April 2022 to 14 September 2022.

The action Marie Skłodowska-Curie Actions Postdoctoral Fellowships is intended to advance creativity and innovative capacity of advanced researchers through work on an individual interdisciplinary research and training project and international and cross-sectoral mobility. The programme is an opportunity for researchers from around the world to carry out projects at Jagiellonian University, which is crucial to the advancement of staff, science and knowledge transfer in the international community.

In light of the above, I want to encourage JU researchers to act as supervisors to their foreign counterparts who want to do research at Jagiellonian University.

More information on the programme available on the websites of:

- NAWA: <https://nawa.gov.pl/dzialania-marii-sklodowskiej-curie>

Call essentials:

- The programme is addressed to advanced researchers who have held their doctoral degree for up to 8 years at the time of submitting the proposal.

- The action deals with two types of projects:
 - **European Fellowships**, which enable research of all nationalities to carry out grants of 12 to 24 months in any EU country or a country associated with the Horizon Europe programme.
