**COMMUNICATION
BY JAGIELLONIAN UNIVERSITY VICE-RECTOR
FOR RESEARCH
of 27 October 2022**

on: submitting project funding proposals under the SONATA 18 call announced by the National Science Centre

This is to inform you that the National Science Centre (NCN) has published a call under its **SONATA 18 programme for research projects carried out by PhD holders awarded their doctoral degree within 2 to 7 years before the year of submitting the proposal** (i.e. awarded between 1 January 2015 and 31 December 2020), with possible extensions on a case-to-case basis).

Deadline for submitting proposals to the NCN is 15 December 2022, 4 p.m.

Terms and conditions of application in the call are available on the websites of:

- the NCN: ncn.gov.pl under tab "Open calls"
- the RSC: www.cwn.uj.edu.pl under tabs "Open calls" and "National Science Centre open calls"

Information on preparing proposals:

- Under the call a research project may be planned with a duration of **12, 24 or 36 months**.
- The principal investigator's scientific achievements must include **at least one paper published or accepted for publication**.
- One can act as the principal investigator in a research project financed under the SONATA BIS call **only once**.
- The project's principal investigator may only be employed **over the entire course of the project's implementation at the entity planned as the host entity, pursuant to a contract of employment for at least half time of the full-time work**.

The project's principal investigator shall spend at least 50% of the project's time on the territory of the Republic of Poland, and shall be available for the project's host entity. This requirement does not apply to travel documented by business trips directly related to the implemented project as well as holidays, time off work and other absences from work regulated by generally applicable regulations.

- **Research team:**

- in addition to the principal investigator, involved in work on the project **may be** other investigators, including students and doctoral students as well as persons employed at **post-doc**.
- The **post-doc** type post may be created provided that:
 - the person named in the proposal was awarded the doctoral degree no earlier than 7 years before the year of employment in the project.
 - was conferred the doctoral degree by an entity other than the one planning to employ them at this post or completed a continuous and evidenced post-doctoral fellowship of at least 10 months in an entity other than the participating entity and in a country other than the one in which they were conferred the doctoral degree.
- It is not possible to plan the involvement in the implementation of a research project of a person on **a senior researcher position**.
- The principal investigator may reduce the number of obligatory teaching hours by 50%.

- Direct costs **may not cover the costs of publishing articles nor costs of making research data available in open access. Calculating open access costs as direct costs shall result in rejecting the proposal at the stage of formal eligibility check.** Article Processing Charges in hybrid journals, as defined in the NCN Policy of open access to publications are in no way eligible (including under indirect costs).
- Publishing a monograph resulting from a research project implementation do not count as eligible costs **until positive evaluation** in the review process by the NCN.
- A purchase of a qualified electronic signature should be included in the project's budget under direct costs, amounting ca. PLN 360 (a signature valid 2 years + validity extension kit valid 2 years). The cost should be listed under the heading of "other direct costs — other expenses".
- **The project's budget should account for the amount of VAT** (VAT is an eligible cost), please use gross amounts in the cost estimate.
- **Indirect costs** - they are expenditures connected with the research project indirectly, but indispensable to its implementation, which include:
 - **Open Access indirect costs in the amount up to 2% of direct costs**, which may be directed exclusively towards the costs related to the making available publications or research data available in open access. Please include these costs in the planned budget in the maximum;
 - **other indirect costs in the amount up to 20% of direct costs**, which may be directed towards the costs related to the project indirectly, including also costs of making publications or research data available in open access.
- Basic data of the entity (JU) required for the completion of the proposal are available on the website of the RSC: <https://cwn.uj.edu.pl/projekty/dla-wnioskujacych/dokumenty>

Form of submitting proposals:

The SONATA 18 call admits only proposals submitted in electronic form. The proposal alongside the required annexes shall be submitted in electronic form by **the principal investigator in the ZSUN/OSF system**, accessed through the website: osf.opi.org.pl

Internal regulations:

Pursuant to the Ordinance no 56 of JU Rector of 11 July 2016 on: *The procedure for drawing up and implementing projects funded from external sources at Jagiellonian University* persons interested in entering the call (not applicable with JUMC) are asked to deliver to the RSC:

- **by 21 November 2022 - in the event that the project is planned in collaboration with other entities:**
 - and JU acts as a leader in project:
 - a cooperation agreement of a group of entities toward implementation of the proposed research project (drawn up by the NCN), to be downloaded from the ZSUN/OSF system (under tab 'Host entities') in the form of a PDF file,
 - The declaration to the cooperation agreement for the submitted research project (as per the template attached as Annex 1 to this Communication)
 - **The research project registration form**, filled out in the JU Project Zone system: <https://strefaprojektow.uj.edu.pl/>
 - and in the event that JU acts as partner in the project:
 - the cooperation agreement of a group of entities for the implementation of the submitted research project (drawn up by the NCN) in the form of a PDF file, sent by the project's leader,
 - The declaration to the cooperation agreement for the submitted research project (as per the template attached as Annex 1 to this Communication)
 - **The research project registration form**, filled out in the JU Project Zone system: <https://strefaprojektow.uj.edu.pl/>

Provisions included in the template agreement (drawn up by the NCN) may not be modified or appended with additional regulations between the entities.

PLEASE NOTE: Supporting the signed agreement (drawn up by the NCN) in the ZSUN/OSF system is a condition of blocking the proposal for edition and generating the required confirmation. The document in the PDF format should be supported, signed with a qualified electronic signature. Alternatively, a scan of the document with a handwritten signature may be supported.

After the funding will have been obtained, in order to regulate cooperation between partners within a group of entities, it will be necessary to conclude an additional agreement (an extended version of the cooperation agreement of a group of entities for the implementation of the submitted research project) as per the template set out in Annex 2 to this Communication.

- **by 28 November 2022, the draft version of the proposal** in the form of a pdf file sent to the address of the call assistant at the RSC (the draft version means at least the need to complete at least the sections: Applicant, Principal Investigator, Investigators, Research plan, Cost estimate and its justification);
- **by 8 December 2022 (3:30 p.m.):**
 - **final version of the proposal** in the form of a pdf file generated by the ZSUN/OSF system: select option 'Print PDF' named in accordance with the template: Surname and given name of the principal investigator, name of the programme, date of the document, (Kowalski_Jan_Sonata_18_08-12-2022), signed with a qualified electronic signature by the head of the JU organisational entity, i.e. the dean or director/head of other organisational entity) acting as the project's host entity,
 - a document generated by the ZSUN/OSF: **'Confirmation of submitting the proposal by a representative of the entity,'**
 - a signed scan of the document generated by the ZSUN/ OSF: **"Confirmation of proposal submission by the principal investigator"** or a document signed with a qualified electronic signature, and
 - **The research project registration form**, filled out in the JU Project Zone system (not applicable to proposals for which an agreement on collaboration of a group of entities toward implementation of the proposed research project has been submitted alongside the registration form at the CWN). The JU Project Zone system is available at: <https://strefaprojektow.uj.edu.pl/>.

Out of concern for the quality of the submitted projects, especially in terms of meeting formal requirements, you are encouraged you to deliver the documents to the CWN well ahead of the above mentioned deadlines.

Please consider the above mentioned deadlines as final.

Please bear in mind that sending the proposal in the system cannot be reversed and prevents later modifications. The proposal should be sent in using the ZSUN/OSF system, supported with a signed version of the document *"Confirmation proposal submission by a representative of the entity"* and *"Confirmation of proposal submission by the principal investigator"*.

The above mentioned documents, signed by JU authorities, shall be delivered by call assistants at the RSC to the email addresses you have specified.

With queries and doubts regarding preparing the proposal you are welcome to contact call assistants at the CWN:
